This is in reply to the Board's Notice of Public Hearing concerning the draft Water Quality Control Plan for the San Francisco Bay / Sacramento-San Joaquin Delta Estuary. A number of our member agencies played an active role in the development of the December 15, 1994 Bay-Delta Principles for Agreement, which provides the foundation for the standards contained in the draft plan.

Our Board of Directors supports the comments that are being submitted on the draft Plan and draft Environmental Report on behalf of the Joint Water Users group ("Joint Agencies").

Sincerely,

Steve Macaulay
General Manager
